

Project Profile

Chase Oak Church - Woodbridge Campus
Sachse, TX

System Features

The Woodbridge Campus is the fourth campus of Chase Oak Church. To achieve the desired contemporary worship service, the facility's system is capable of streaming prerecorded content and hosting live worship services.

- **Sound System** | Speaker arrays are arranged above the platform to provide even sound coverage, delay speakers in the balconies are timed with the main arrays
- **Video System** | 16' video wall is comprised of 64 individual panels mounted to motorized hoist, displays in the lobby area stream live content and announcements, and a PTZ camera in back of house captures action on stage and streams throughout campus while a 90" display serves as confidence monitor for presenter on stage
