

Project Profile

FirmSpace
Denver, CO

System Features

FirmSpace, a coworking environment provider that leases fully-furnished office spaces, constructed their new 22,442 SF Denver location so it easy to use and standardized with their locations in Houston and Austin.

- Reception area features a 3X2 video wall comprised of HD displays
- Large and medium conference rooms includes 70" commercial-grade interactive touchscreens, web cameras, sound bars and touchscreen control panels
- Day office uses an HD display, custom wall interface and wireless presentation system
- Lounge area includes a 2 x 2 video wall arrangement comprised of HD displays
- Coffee bar utilizes an HD display for digital signage and live TV
