Project Profile

Paycom
Oklahoma City, OK

System Features

Headquartered in Oklahoma City, Paycom launched in 1998 as one of the first web-based HR and payroll technology companies. With locations around the country, Paycom sought an AV solution that equips their team to create and produce digital content to share internally and externally.

- **Control Room** | Multiple displays, waveform/vectorscope, video production switcher and digital mixing console produce and record video/audio content
- **Production Studio** | PTZ cameras and HD display mounted to mobile stand allows enabled multiple configurations
- **Vocal Isolation Rooms** | Outfitted with side-address microphones, popper-stoppers, headphones, displays and acoustical panels
